CAREER OBJECTIVE

Motivated Full Stack Developer skilled in building responsive and scalable web applications using modern frontend technologies such as Figma, HTML, CSS, JavaScript, React.js, Bootstrap, and Tailwind CSS. Experienced in backend development with Node.js, Express.js, and MongoDB. Passionate about learning new technologies, solving real-world problems, and contributing to collaborative development teams.

WORK EXPERIENCE

MERN STACK DEVELOPER INTERN AT WHY GLOBAL SERVICES **Sep 2025 - Present**

Developed responsive full-stack web applications by converting Figma UI/UX designs into production-ready interfaces using HTML, CSS, Tailwind CSS, Bootstrap, and React.js. Integrated backend services using Node.js, Express.js, and MongoDB to build scalable REST APIs and improve application functionality. Enhanced performance and user experience by implementing reusable React components, lazy loading, and optimized API calls, reducing page load time and increasing user engagement.
